Fill and Place Your Sandbags Now

Nature has a way of ignoring man's desires and, at times, of engulfing him in disaster.

Following the recent disastrous forest fires which devastated some of the finest watershed lands in the United States, equally disastrous floods are possible — this month, next month, in January or February.

The CITY OF SIERRA MADRE through the direction of City Administrator Lawrence C. Bevington, has done an excellent job of distributing some 7,000 sandbags — minus the sand, of course.

Persons obtaining these sandbags should immediately fill them with sand and place the bags advantageously about their properties.

Three tons of sand, purchasable at a reasonable sum, will fill 100 bags.

The SIERRA MADRE NEWS, in the interests of helping safeguard this community, suggests this.

Lee Shippey Writes On Sports

I LOVE football because well, I can't complete that in 25 words or less. I love it because it always gives one a thrill to see a young man, facing what seems to him a tremendous emergency, rise to heights of achievement which seemed beyond him.

The game certainly develops great quantities of courage, determination, sportsmanship and coolness in moments of crisis.

But true sportsmanship really embraces all those other qualities, and I wonder if, in the interest of sportsmanship, the rules and procedures of football should not be revised.

We wouldn't consider it sportsmanlike to pit a man against a boy in most physical competitions. In pugilism we wouldn't dream of pitting a 250-pound athlete against one weighing 75 pounds less. Instead, we have classes for flyweights, featherweights, bantamweights, middleweights, light-heavyweights and so on, and I wonder if it wouldn't be a good thing somewhat to adapt that system to football.

New P. O. Building Is Opened

Sierra Madre's new \$120,000 Post Office Building on South Baldwin is now being used by its patrons.

Official approval for moving of the postal force of 25 employees from the old building at 363 W. Sierra Madre Blvd. was received last Friday by Postmaster Charles E. Louk from San Francisco Post Office headquarters.

In turn, Postal Technician William Fuller of Newhall, arrived in Sierra Madre on Monday to supervise the removal, part of which was started Tuesday and which will be mostly completed by Wednesday.

THURSDAY is the Thanksgiving Day Holiday so that the new office should be functioning in full Thursday. Practically all of the postal boxes and furniture is new and has been placed in for some two weeks.

Official dedication of the new office has been set for the middle of January so that the address may be made by Raymond R. Holmquist, former Pasadena postmaster and now regional director of the California-Nevada-Pacific region, with headquarters at San Francisco.

The new president, Charles Louk, has promised a substantial Kiwanis expansion for next year, including formation of a KEE Club. The new Lt. Gov. Parker, has chosen for his theme, for next year, "Americans True in '62."

President-elect Louk highly praised our constitutional form of government which has stood longer than any other such form of government in the world's history and he clearly believes in protecting it.

Genuine All-American Thanksgiving For Terry, Lately Of Greece, Now U.S.A.

This is not exactly a Thanksgiving Day story—rather it is one of thanksgiving, and by a newcomer, a young Greek youth—because he will make this land of free men his home in the years to come.

And on the wall of his room here in Sierra Madre, U.S.A., he had proudly pasted a sticker which reads for all to see—and ponder—"I am an American."

He is Terry La Lone whose name only a few days ago was "a boy" there in a little village 500 kilometers out of Athens, Greece, reached only by dirt roads and seldom visited by an automobile.

NOW HE IS IN AMERICA. He is 12 years old, has been adopted by Mr. and Mrs. Julian (Dorothy) La Lone of 720 Canyon Crest, and has joined his pretty, little black-eyed sister, raven-haired Annoula, 13, who was likewise adopted by the La Lones some two years ago and brought to Sierra Madre. Sounds like a fairy tale—well, it isn't.

An already tallish youngster, Terry, his own black eyes sparkling as he speaks a few English words he already has acquired, is preparing to enter the 6th grade at Sierra Mesa School.

Buoyant news, too, is that

Terry remarked to them:

"Please take me too. I want to go to America."

His boyish wish has come true and they have adopted Terry, though this must be completed in the American courts and through the Greek Consulate and the U.S. Immigration authorities. No difficulty is expected

Admittedly, Mrs. La Lone's son, Ernest, 31, who with his wife resides at Fairbanks, Alaska, where he is stationed with our Armed Forces, has adopted another

S.M. Population 10,129

The estimated population of Sierra Madre as given in the latest listing by the Los Angeles County Regional Planning Commission, is 10,129. This represents an increase of 397 since April, 1960, when the figure was 9,732.

Monrovia's population is estimated at 28,013, and Arcadia's at 44,144. Glendale maintains its margin over Pasadena, with 122,560 against 118,729 for Pasadena. Temple City is rated at 26,842.

In Memorial Park

Thanksgiving Service Speaker Is Swengel

Thanksgiving comes and another year of peace, precarious as it is, and the bounty of food and well-living will be commemorated on Thursday.

As is customary the Union Thanksgiving Service will be held at 10:30 o'clock Thanksgiving Day morning in Memorial Park. In a scene of outdoor beauty in which Californians are permitted to live, the message will be brought by Rev. Clinton W. Swengel, recently arrived pastor of the Sierra Madre Methodist Church.

Mayor W. Webster Vanier will read President John F. Kennedy's Thanksgiving proclamation. Directed by Richard Wheeler, music director of Trinity Presbyterian Church, combined choir of the city's churches will provide special music. Colors

will be presented by Troop 374, Boy Scouts of America. In addition to Rev. Swengel, ministers participating, and their churches are Rev. Ray E. Hansen, Shepherd of the Hills Lutheran; Rev. Donald H. Ostrander, Trinity Presbyterian; Rev. Robert N. Schaper, Bethany Church; Rabbi Charles W. Steckel, Foothill Jewish Community Center; Rev. George W. Lindsay, Congregational Church, and Rev. Joseph P. Stockett, Nazarene Church.

AS TO THE LANGUAGE

barrier—well, Terry is already learning English words at an unprecedented pace, and besides, there is Annoula at his side to prep him. And Annoula, it may be said, is a go-getter.

The reader may imagine

that Terry, come Thanksgiving Day and our traditional holiday dinner, will look down over the crest at the brilliant lights of this city, Monrovia and Arcadia, perhaps squeeze Annoula's hand, look up at God's sky and murmur, "God Bless America!"

To which we add, "God bless Terry and Annoula."

Construction of a new debris dam in Hastings Ranch also was on the agenda.

Rocks and mud were reported flowing down from Chantry Flats, some damage was done to the Courtney Miles home at 833 Skyland Dr., scores of phones were put out of commission and Southern California Edison experienced power failures in several sectors.

A man and a boy were taken into custody by Sierra Madre police for violating the City Code prohibiting entry into a closed area. They were accused of entering the Chantry Flats closed area after last Friday's fire.

Arrested by Officers C. L. Sanders and David G. Benster, the man, giving the name of Eric Grant Borg, 50, and his address as 484 Audubon Way, Sierra Madre, pleaded guilty in Pasadena Municipal Court, and was placed on five years probation.

The youth was remanded to his parents.

In addition to the two Sierra Madre fires, Dana, the sheriff reports, admitted to the major blazes Nov. 13 in Tujunga and Kagel Canyons which burned seven homes.

Others were in San Gabriel Canyon last Friday, in Benedict Canyon, two along the highway near Palmdale Junction, Sept. 1; one in Altadena a year ago and two others in Los Tunas and Bouquet Canyons two years ago.

HE STEADFASTLY insisted

that he had nothing to do with the costliest one in Los Angeles history in the Bel-Air district two weeks ago which caused an estimated \$5 million loss and destroyed some 436 costly homes.

Drought Broken By Day-Long Showers

Nature doused Sierra Madre, Hastings Ranch, the Oaks-Highland and Rosemead-Foothill areas Monday with the heaviest downpour in 44 months, dumping around 1.27 inches of water on the territory swept by disastrous forest fires in the dry-tinder mountain regions the past three weeks.

As numerous cases of flood damage were reported and the sand-bag protection afforded by the city proved effective where used, a man, Donald Roland Dana, 32, of 3649 Del Mar Ave., Pasadena, admitted to authorities setting the two blazes in the Sierra Madre-Hastings Ranch territory and 13 others inflicting losses of millions of dollars.

A recent patient for "a nervous breakdown" in the Veterans Hospital at Sawtelle, West Los Angeles, his confession was reported by Sheriff Peter J. Pitchess.

Dr. Kenneth A. Carlson Will Make PTA 'Fathers Night' Address On Next Monday

An outstanding program has been planned by the Sierra Madre PTA for "Fathers Night" on Monday, Nov. 27. Dr. Kenneth A. Carlson, minister of the First Methodist Church of Glendale, will be guest speaker. His topic is "Lining Your Home With Living," the same talk he gave before 5,000 delegates to the California State PTA Convention in San Francisco last year.

Dr. Carlson has addressed more than 1,500 service clubs, youth institutes, high school and college assemblies, women's clubs and conventions. He was cited by the Los Angeles Police Department for distinguished service in combatting juvenile delinquency. He is a consultant in Juvenile Bureau cases and traveled 8,000 miles as a "hobo" making a survey of transient youth problems in the interest of obtaining information for juvenile authorities.

DR. CARLSON is recognized as a specialist in problem and marital counseling. He spent a week in San Quentin Prison making a study of inmates as part of a research project in abnormal psychology.

Dr. Carlson is a frequent speaker for radio and telecasts in the Los Angeles area and may be heard every Sunday on Radio Station KIEV between 9 and 10 a.m. He also has written numerous articles which appear in various publications distributed nationally.

It is the hope of the Sierra Madre PTA that many friends from other schools in the Pasadena Council will be its guests on this special occasion.

The meeting will be held in the Sierra Madre School Auditorium, 141 W. Highland Ave., at 8 o'clock Monday night, Nov. 27.

'Ingathering' At Shepherd Of The Hills

Food and clothing will be placed at the altar as the congregation's gifts to others. The Alhambra Home is for elderly residents. Lutheran World Relief aids the needy overseas. A special Thanksgiving offering also will be received.

THE FAMILY WORSHIP will feature a special Thanksgiving anthem by the choir directed by Charles E. Markham. "Prayer of Thanksgiving" Hymns to be sung include "Now Thank We All Our God," "Praise to the Lord" and "Praise, My Soul, the King of Heaven."

Gordon H. Smith Will Lecture On Christian Science

How scientific prayer can be applied in a practical way to meet the problems of today's world will be brought out in a free public lecture on Tuesday evening, Nov. 28, by Gordon H. Smith of Milwaukee, Wis.

A Christian Science teacher and practitioner, Mr. Smith is on a nationwide tour as a member of The Christian Science Board of Lectureship.

He will speak under the auspices of Third Church of Christ, Scientist, in Pasadena Civic Auditorium, Green St. at Garfield Ave., on "Christian Science: A Practical Religion in Today's World."

A native of Chicago, Mr. Smith was educated at The Principia and the University of Chicago. Prior to entering the practice of Christian Science healing, he was in the insurance business. He served for eight years as Christian Science Committee on Publication for Wisconsin.

This will be the December meeting of the Women of the Church. Women of the community are heartily welcome to join this occasion to prepare all of us for our Saviour's birthday and a new Christian year. If you have questions, contact Mrs. Siemon at EL 5-9291.

The importance of expressing gratitude by following the example of our Master, Jesus Christ, in healing sickness and sin, keynotes the lesson-sermon on "Thanksgiving" to be held on Thursday, Thanksgiving Day, in all Christian Science churches.

Appropriate testimonies of gratitude for healings will be given by Christian Scientists in the congregation, fulfilling the words of the Golden Text from Psalms (107:21, 22), "Oh that men would praise the Lord for His goodness, and for His wonderful works to the children of men! And let them sacrifice the sacrifices of thanksgiving, and declare His works with rejoicing."

We express our full appreciation to the women, men and older boys who so far have contributed more than 500 man-hours. Now we appeal particularly to those who have not been able to participate in the past to join us in proudly preparing our church for community display.

Long Beach Municipal Auditorium will be focal point for some 1,500 laymen and their pastors next Saturday (Dec. 2) as they gather for the seventh annual meeting of United Presbyterian Men of Southern California. Starting time is 10 a.m. with adjournment set for 5 p.m.

The theme of the all-day session, which attracts men from as far north as San Luis Obispo and south to the Mexican border, will be, "In the Beginning Was the Word," to be developed by three major speakers.

The festival service will be at 10 a.m. with procession, Sung Mass and Holy Communion. The St. Dunstan's Choir with David Billeter, organist, will present special Thanksgiving.

At 9:15 next Sunday morning, the Sunday School departments will be directed by Kenneth Euken in preparation for the Sunday School Christmas Eve service. The day's Bible lesson will be "The Doubting Zacharias."

THE 10:30 A.M. WORSHIP service of the congregation will take special recognition of the last Sunday of the ecclesiastical year. The sermon message will be entitled "Omens of the End," considering the Lord's prophecies in the first 14 verses of Matthew 24.

Home visits in behalf of the congregation's "Declaration of Prayerful Intention" program will begin next Sunday, Nov. 26, and continue throughout the week.

A meeting of all communicant members and friends of the congregation has been scheduled at 8 o'clock Monday evening, Nov. 27, for presentation and consideration of Architect Culver Seaton's blueprints for the new church sanctuary. These blueprints may be inspected in the chapel kitchen after next Sunday's service.

MRS. GLADYS JACKSON of 136 W. Montecito, with her sister, Grace de Lemos, daughter and son-in-law, Mr. and Mrs. Robert (Elspeth) Seaman, and their four daughters, Donna, Noelle, Roberta and Darcie will motor to Bakersfield to spend Thanksgiving holiday with her son and daughter-in-law, Mr. and Mrs. Ellett (Ruth) Jackson and their children, Lorna and Craig.

It will be a birthday-Thanksgiving celebration for three members of the family. Bob and Elspeth's daughter's little girl, Darcie, will be 8 years old Thanksgiving day; Ruth and Ellett's son, Craig, will be 11 years old Nov. 26, and Mrs. Jackson's birthday anniversary is Nov. 26.

Mrs. Winegar's son and daughter-in-law Mr. and Mrs. Boyd (La Vonne) Thomas and another son, James Thomas, will also be there. Other guests who will be there are Lloyd and Grace Goodhue and Mary Ann and Bob Petersen.

MRS. PAULINE E. STAMER of 28 N. Lima St., with her daughter, Louise, and granddaughter, Martha, will go to Colton, Thanksgiving Eve to enjoy the holiday with her son, Bob, his wife Mary, and their two sons, Bob Jr. and Bill.

ROY AND LILLIAN SAGE are home again at 150 N. Sunnyside after a trailer-trip that took them nearly 5,000 miles around the Southwest. Highlight was a visit to Chloride, Ariz., where they spent (and believe me) the first three years of their honeymoon.

Lillian and Roy, who is an electrical engineer, went to Chloride in 1916, then a thriving mining town. Their honeymoon cottage still stands, partly in ruins, but a woodvine they planted 44 years ago still clings valiantly to the wall of the building.

They returned by the way of Page, Ariz., where the Federal Government is constructing the Glen Canyon Dam. Lillian says they expected a "Gun Smoke" atmosphere but was happily surprised to find a "Howdy stranger and how are you" welcome.

Page is comprised of Federal employees and their families. One trailer park takes care of more than 1,000 workers. One city father sent word that Page has 13 beautiful churches and only two bars. These friendly Sages will have a quiet Thanksgiving at home and they'll be planning another trailer trip this next spring in 1962.

HERE'S A SUGGESTION to put you in the real Christmas spirit: Telephone Mrs. Marke True at EL 5-1842 and reserve or buy tickets to the 7th Annual Holiday Homes Tour of the Arcadia Auxiliary of the Methodist Hospital Friday, Dec. 1. The Auxiliary has many members from Sierra Madre, the Highlands and the Oaks.

Warmth and hospitality combined with beautiful and functional decorations in four homes of the Oaks and Highland area will make a delightful time for you, so call that number now and reserve a ticket.

CAROL COMES HOME — It will be a wonderful Thanksgiving for Bill and Betty Wark. As the NEWS goes to press this afternoon (Monday), Carol Wark who has been in the Sierra Madre Community Hospital for several months will have dinner at home with her dad, mother and brother Steve.

There will be checkups, Bill says. "But this is the best Thanksgiving we have ever had." So miracles do happen.

The buying power of a dollar today is unable to keep up with its good-by power.

Zonta Club Will Tour Foundation

Zonta Club of Santa Anita area will spend its Dec. 6 meeting touring the Estell Doheny Eye Foundation in Los Angeles, with Dr. A. Ray Irwin Jr. as host. The Foundation is the club's philanthropic yearly project, and the tour will be its first.

They started with "You Can't Take It With You," the successful comedy by Moss Hart and George Kaufman,

which went on to be an Academy Award winning movie. Last June, Noel Coward's "Blithe Spirit," which was a smash hit of both Broadway and London, and in Coward's own opinion his best play, was presented by the Players.

And now they present "Our Town," the Pulitzer for 1961.

Carl H. Gerke's Complete Six-Months Tour, Including Lengthy Stay In Hawaii

An extensive, far-flung six-month tour of world spots, including a three-month stay in exotic Hawaii, has been the pleasurable experience of Mr. and Mrs. Carl H. Gerke of 602 Mariposa, Sierra Madre, since May 16 last when they flew Polar Flight to London as the initial stage of their trip, much of it by air.

From London the Gerkes went on to Copenhagen, Denmark, cruised to Malmo, Sweden and back, and after seeing the sights of Amsterdam, Holland, went on to Paris. In the French capital they saw President John F. Kennedy and President Charles DeGaulle several times especially when President Kennedy placed a wreath on the grave of the Unknown French Soldier at the Arc de Triomphe.

They also glimpsed President Kennedy the day he arrived in Paris and also at the U.S. Embassy when he gave a luncheon for President DeGaulle — a thrill for any American.

FROM PARIS they flew to Zurich, Switzerland, then entrained for Ludwigshafen and M. Maudach, Germany, to visit a pen pal. For 12 years the Gerkes had corresponded with the Alfred Hessers and were happy to become acquainted with them personally.

"It was a challenge to speak nothing but German for four days," comments Mrs. Gerke.

They drove along the Rhine to Coblenz, crossing the bridge there and returning on the other side. In Germany they also visited Worms, Munich, Augsburg and Starsburg, passing through other cities as they rode train to Basel, Switzerland, where they joined a Linjebus Tour, enjoying 13 days in Switzerland, Austria and the Northern Italian lake region — the Alpine country was beautifully green and picturesque.

IN SALZBURG, the Gerkes met a Sierra Madre family, Mr. and Mrs. James Winslow and daughter of 499 Elm, while having lunch on the 14th floor of the Hotel Europa. While in Salzburg they enjoyed the famed Aichen Marionettes and in Vienna they saw an opera at the recently-completed State Opera House, Zurich, Switzerland, came next and then flight to the City Hall.

Following artists exhibiting in oils are: Ruby Andre, a floral titled "Copa de Oro"; Maggie Ascher, Ellinor Baumeister, Seascape; Harriet Belcher, Magnolias; Ray Dushane, "Sunday Siesta"; Johanna Horne, portrait of Bill Borzage; Bea McIvor, portrait "Mother and Child"; Lydia Marie, Clown; Hazel Morley, "Leaf Patterns" and "Balboa Sunrise."

Also Madeleine Pichard, "The Harvest"; Marguerite Randolph, "Mountain Sunrise"; Cornelie Reimer, "Eucalyptus Lane"; Grace Webster, "Fall Fruit"; Myrtle Weese, "Mountain Woods" and a portrait "Red Hat"; Bernard Wynn, portrait "Our Daughter."

Also Watercolor and Pastels by Blanche Luper, "February Landscape"; Rene Tallantyre, "Storm Over Sierra Madre" and a pencil drawing of "Shrimp Plant"; Dennis Ascher has a pen and ink sketch titled "Thee House."

They swam in the Mediterranean, enplaned to Tel Aviv, Israel, visited New Delhi, India, seeing the Taj Mahal, Calcutta and on to Hong Kong, Tokyo, stopping for fuel at Wake Island and so to Honolulu for their three-month Hawaiian sojourn.

The Gerkes arrived home on Nov. 7 in time for Thanksgiving reunion with their children and their families — from Stockton, Sylmar, San Marino and Pasadena. The Thanksgiving dinner will be at the Richard Carl Gerkes in San Marino.

It's another boy for Mr. and Mrs. Ted Velasquez of 410 E. Laurel. Martin Stephen was born in St. Luke Hospital Sunday, Nov. 12, weighing 7 pounds, 15 ounces.

The new arrival was named for his mother's brother, Stephen, and his father's brother, Martin. All three have the same birthday anniversaries. Two years ago when Marissa Ann was born, Gina and Ted had chosen his name.

Mr. and Mrs. Velasquez have two other boys, Robert, 6½, and Teddy, 5½. His maternal grandparents are Mrs. Mary Madeline Lampier of New York City and Robert Riddle of Pasadena. Paternal grandparents are Mr. and Mrs. Juan Velasquez of this city.

New Exhibit Of Paintings At City Hall

A new exhibit by the Sierra Madre Artists was hung in Council Chambers at the City Hall, Friday, Nov. 17. It's a colorful and interesting show, worth a special trip to the City Hall.

Following artists exhibiting in oils are: Ruby Andre, a floral titled "Copa de Oro"; Maggie Ascher, Ellinor Baumeister, Seascape; Harriet Belcher, Magnolias; Ray Dushane, "Sunday Siesta"; Johanna Horne, portrait of Bill Borzage; Bea McIvor, portrait "Mother and Child"; Lydia Marie, Clown; Hazel Morley, "Leaf Patterns" and "Balboa Sunrise."

"WHY DO AMERICANS always eat turkey on Thanksgiving?" asked Ivan Kue. The challenge of explaining our day of thanks proved quite exciting as each member of our family told Ivan about that first Thanksgiving at Plymouth Rock.

Ivan, a PCC student from Formosa, is now making his home with the Wengers, and we're looking forward to the observance of his first American Thanksgiving.

Ivan and his family fled from their home in Shanghai just ahead of the Communist occupation of that city, 12 years ago. After completing his schooling on Formosa, Ivan spent one year in Hong Kong.

He plans to become an architect. PCC prefers to have foreign students live with American families and learn our ways. Needless to say, we're learning much from Ivan.

AROUND THE RANCH In 180 Minutes" was the theme for the Progressive Dinner enjoyed by Trinity Schooner-Mariners Saturday evening. Thirty-nine couples followed the clever maps and dined at the various "points of interest" along the route.

Opening their homes were Messrs. and Mrs. Bert Bailey, Roy Heinz, John Venable, Ken Smith, Wes Williamson, Don Ostrander, Karl Johnson, Jack Donahue, Warren Bray, John Zeman, Draper Jennings, James Stivers and John Morris.

STORK NEWS: The John Futchers on Valley View have a baby girl, Anne Marie. It's a girl for Carrie and Don Eggleston too. Little Tish was born in October. Doreen and Herbert Horn on Cynthia have a new baby girl at their house too. Which makes six youngsters for the Horns, four boys and two girls.

KEITH EDWARDS: Son of Mr. and Mrs. Ronald Edwards of Valley View, has earned one of Scouting's highest awards. The God and Country Award was presented to Keith last Sunday at Westminster Presbyterian Church.

Keith earned the award by giving 100 hours of service, plus a rigorous study of the Bible, followed by an extensive oral examination by a board of ministers.

Keith is an outstanding 8th grader, I think. He plays the violin, is a member of the Bud Lyndon swim team, and last year won the second highest award in the San Gabriel Science Fair. Congratulations, Keith!

PRINCESS JOAN ZEMAN is due our congratulations too! In fact, I think everyone in the Ranch is sharing Mr. and Mrs. John Zeman's pride in Joan's selection as a Tournament of Roses Princess. Joan is an art major at PCC. I understand her brother, in his junior year at San Jose State College, is mighty proud of Joan too!

EXPLORER POST 383 will go to Cherry Valley on Catalina Island for the Thanksgiving holiday. Looking forward to the trip are Dave Brown, Charles Roth, Robert Captain, Jim Bevis, Gary

Hastings Ranch Garden Club Will Meet

Hastings Ranch Garden Club will hold its monthly meeting Tuesday, Nov. 28, at 12 noon at the home of Mrs. Robert Christmas, 3610 Fairmead Rd., Mrs. Evan Whitlock is co-hostess.

MICHAEL MAULE and Irina Borowska of the Zachary Solov Ballet Ensemble which will appear Nov. 28 at 8:15 p.m. at Monrovia High School Auditorium under the banner of famed impresario S. Hurok. Mrs. Helen Kahn, Sierra Madre chairman of the Foothill Community Concert Association, reminds all members and others attending to come early inasmuch as a ballet dance program has always been heavily patronized.

Children Make Turkey Farm Trip

An annual event for the children of Hastings Ranch Nursery School is a trip to the Turkey Farm and Small Animal Zoo at Baldwin Park about a week before Thanksgiving. The children not only enjoy seeing the turkeys, swans and other animals but also love the bus ride.

Consequently, Mrs. Paul McGiven, Civil Defense chairman of Eugene Field PTA, is inviting the parents of Sierra Madre, Sierra Mesa, Don Benito and Field Schools to hear "Disaster Preparedness Procedures" to be outlined Wednesday, Nov. 29, at 7:45 p.m. at Fieldatorium.

Speakers will be Chief

Donald McElhanahan, head of Fire Prevention for Pasadena; Charles Chapman, Pasadena Civil Defense training director; Capt. Harold Thomas, commander of Uniformed Division of Pasadena Police, and Edwin Sawyer, Pasadena Director of Safety Service and Disaster.

BUSIEST PEOPLE in the Ranch these days must be Marilyn and Bill Pursey! He is president of the Upper Hastings Ranch Association which is so active just now with the Christmas Contest, and Marilyn is Trinity Women's Guild proxy.

I thought Marilyn might be resting up after the Guild's successful home tour last Thursday, but obviously not. On Thursday, the Purseys gave a birthday anniversary party for 8-year-old Constance, and took the group to play miniature golf.

Guests included Debbie Winsor, Lucinda Halstead, Nancy Miller, Sara-Lynn Jones, Arden Ellis, Robbi Kates, Debra Cross and Jodi Thibaut.

It will be a duo celebration on Thursday at the Pursey home, because Thanksgiving is actually Constance's birthday anniversary. Guests will be Mrs. Joseph Lowry, Mrs. Margaret Pursey, Mrs. Henry Bulger, Mrs. Merle Mainland, Jim Janet and Judi Fleckenstein.

ROSLIND AND ALTON PRYOR and three daughters will move from their home on Hastings Ranch Drive to more spacious quarters near Annandale Country Club today. They'll be missed, but it sounds as though some mighty nice new occupants will be moving in. They are Mary Ellen and Peter Tosta and their young baby. Mr. Tosta is an architect.

Not 'Little Orphans'

This newspaper believes that the people of Sierra Madre want more news about their Sierra Madre and Sierra Mesa Elementary Schools. We do not believe that so far this school year, under the aegis of the Pasadena School District, they are receiving this news. We believe that it is time that they should.

Of course, there is the usual plethora of news releases emanating from the Pasadena School Headquarters in Pasadena. Sometimes this is important generally, but it is not the specific school news in which Sierra Madreans are more interested.

What they desire is news that mainly concerns the operations of the two schools here — details and pictures of what recreational activities their children are enjoying; what are the latest developments in their studies and classroom work; what entertainment they are enjoying and participating in; what news about their teachers' activities so far as the schools are concerned.

THIS NEWSPAPER has no idea of sitting complacently by and permitting Sierra Madre's schools becoming "Little Orphans" of the "Big Brother" Pasadena Schools, and those in charge at Pasadena, from Dr. Robert Jenkins down, may as well understand this right now.

We will cooperate to the fullest extent with Pasadena School Headquarters and with the Sierra Madre Schools. But we will also say so if this cooperation—and news—is not forthcoming. There has been too little of it.

Incidentally, we do not believe that Sierra Madre residents relished the tattered and torn American flag that flew from the Sierra Madre School flagpole until it was recently replaced. Nor did we like the way the Sierra Madre School lawn was allowed to deteriorate through the weeks until it has to be replaced by an entirely new one.

Will Our America Remain 'Younger Than Springtime?'

Thanksgiving is a festive occasion, a time for joyous reunions, tummy-filling food, visits with friends and attendance at union church services.

It is also a time for sober thought and at no time in our young history is this more true, even in the critical, dangerous days of our Civil War or those of the two World Wars. For the question arises, one which every American should consider soberly and seriously, whether through our hard-earned freedom will we continue to be "Younger Than Springtime," the hope of free men everywhere, or will this nation become dead as a dodo, its principles a relic of time and history, sunk deep in the fire of Godless Communism and its new Dark Ages, crumbling men back on their knees in an idolatry atheistic statism?

AS WE PARTAKE of the bounty which God still vouchsafes and for which we offer our thanks, may we also consider whether are we going, why and how we can utilize the world leadership which has been thrust upon us to kill off Communism and restore the freedom of Christianity to the downtrodden peoples of the world, performing successfully the mission with which we have been entrusted.

For unless we do, America and all that it stands for dies.

Involved in this are fundamental principles which in the past few decades we have been placing on the shelf and in their stead adopting a Socialistic Statism of our own, a "Pie in the Sky" philosophy which already has weakened the structure of our freedom.

In this respect we are offering for rereading an editorial which we wrote in 1951 and which won for the writer a Freedoms Foundation award. Here it is:

THE WIND IS STILL green for America. It is the green of spring, for America is young and can stay young and vigorous in her pristine elementarisms if her people will only will it so.

But America must be careful to safeguard and perpetuate that vigor lest the red of summer burn up all the glory of this Republic of the People; the brown of autumn plunge it into decay; and the white of winter, freezing most things, destroy it wholly.

If this be so, then the swirling snows will avidly engulf her and her people will never know—fully realize—the wonderful, precious things of freedom to be seen and made and experienced when the glorious wind of spring is green.

IT IS WELL to realize that every generation must achieve for itself whatever moral and spiritual value it has. The graveness of today's youth, however, can be an augury for the future good of America if this youth will keep on the track of fundamental Americanism and the Dignity of the Individual, precepts upon which our nation was founded, and not go dallying down the lanes that lead to Pink Socialism and ultimately Red Communism.

Communism has caused many of us to forget the saving humanities and sanities necessary for the welfare and advancement of mankind, and with it Socialism and the Welfare State which today threaten the spiritual and productive progress of our United States.

What is the answer to all this for America—American youth?

THE PRINCIPAL ANSWER is that our youth must turn to fundamental principles of Americanism and a renaissance of genuine spiritualism. This, primarily, calls for a three-point program:

1—Economy in government and in our own personal lives. We are 'fat about the Belly,' both figur-

Letter to the Editor

Dear Editor:

What I would like to do in my own feeble way is to explain to all concerned that there is more to a mountain rescue and search than the rescue team itself. It is nice indeed to read in the newspaper or hear on the air that the Sierra Madre Search and Rescue Team has just saved another soul, but there is much back of that.

A rescue team must be alerted by whom? First, the informant. Then, generally, the informant calls the law enforcement agency in this area. The information then goes to the Los Angeles County Sheriff's Department and then is relayed to us.

So, knowing this, much depends upon these agencies as to whether the rescue attempt succeeds or fails.

The FOLLOWING agencies are indeed a great part of the Sierra Madre Search and Rescue Team:

Chief Gordon G. McMillan and his fine Sierra Madre Police Department.

Fire Chief Charles E. Brown and his equally fine Volunteer Fire Department.

Ranger Shangraw and the boys of the United States Forestry Service.

The Los Angeles County Fire Departments.

Sheriff Pitchess and his men of the Los Angeles Sheriff's Department.

The assistance given by these agencies is a vital part of any mountain rescue. So when you hear of our team being called on a search or rescue mission, please remember that one or all of these agencies are with us until we succeed or do not succeed in our endeavor.

CAPT. FRED LA LONE,
S.M. Search and Rescue Team.

Dear Editor:

We have just heard President Kennedy in his speech to the people of the nation give us the assurance that he will not surrender. He criticized both the Leftists and the Rightists and undertook to make it clear that neither side was right and that his course in the middle of the road has been the only choice that could possibly have kept us out of

war in "many places" and kept us from surrendering to the Communists.

How unfortunate! How blind does he think the people are?

I should like to ask the President a few pointed questions. What does he mean when he says he will not surrender? Does he mean that he will not surrender the Army, Navy and Air Force?

He surely does not mean that he will not surrender principle, rights of freedom and military advantages of incalculable consequence.

He certainly does not mean that he will not surrender piecemeal.

He talked about what he was going to do in Laos, then surrendered, la conference table. And now we have the crisis in Viet-Nam, all because of his surrender in Laos.

And now, what about Berlin? We are assured by President Kennedy that we, again, will not surrender. Didn't we stand idly by while the Communists erected the infamous fence against all treaty agreements? Wasn't that surrender?

Communist technique has been to get half of what they ask for through the compromise form of surrender.

How long can we continue letting the Communists gobble up more nations such as Cuba, with the resultant strongholds they then establish in South America, and pieces of nations such as Korea, Viet-Nam, Laos, with the resultant threat to all of Asia, and the Congo, with their threat to Africa, before we discover that such policy of worldwide surrender has made our own inevitable surrender a mere technicality?

MR. PRESIDENT, why not mean what you say when

we have just heard President Kennedy in his speech to the people of the nation give us the assurance that he will not surrender. He criticized both the Leftists and the Rightists and undertook to make it clear that neither side was right and that his course in the middle of the road has been the only choice that could possibly have kept us out of

us good.

2—A firm stand against any extension of the Socialistic Welfare State in America. We have too much of it already.

3—A return to the tenets of Christianity as opposed to the atheism of Communism. By this is meant practice of the Christian precepts each day, not merely the lip service we have been giving.

This program is not ultraconservative—not even conservative. Rather, it is the Liberalism of Common Sense Americanism.

We need a nation of fundamentalists—Young Fundamentalists.

AND WE NEED to be vocal and evangelistic about it to save our freedom and Representative Government.

This is the mission of youth—American youth—who can hoist aloft the torch of representative democratic government for the youth of all nations to see and to hope to emulate.

Like George Washington, American youth are the pioneers of freedom—genuine, real representative freedom.

The Torch of Freedom is theirs. Let them be about it.

IT IS WELL to realize that every generation must achieve for itself whatever moral and spiritual value it has. The graveness of today's youth, however, can be an augury for the future good of America if this youth will keep on the track of fundamental Americanism and the Dignity of the Individual, precepts upon which our nation was founded, and not go dallying down the lanes that lead to Pink Socialism and ultimately Red Communism.

Communism has caused many of us to forget the saving humanities and sanities necessary for the welfare and advancement of mankind, and with it Socialism and the Welfare State which today threaten the spiritual and productive progress of our United States.

What is the answer to all this for America—American youth?

THE PRINCIPAL ANSWER

is that our youth must turn to fundamental principles of Americanism and a renaissance of genuine spiritualism. This, primarily, calls for a three-point program:

1—Economy in government and in our own personal lives. We are 'fat about the Belly,' both figur-

Postmaster Louk Details How Best To Prepare And Expedite Yule Packages

It's time to start planning your Christmas card and gift mailings," Postmaster Charles E. Louk said today as he launched his 1961 "Mail Early For Christmas" campaign.

Looking ahead to what may be the biggest Christmas season ever, the postmaster said further, "Here are the things to watch to help in getting every Christmas card and package delivered before Dec. 25."

Check your Christmas card and gift lists carefully. Be sure each address is complete with full name, street number, city, zone and state. Avoid abbreviations of city and state names.

FOR YOUR gift packages, obtain heavy wrapping paper, sturdy corrugated cartons, strong cord and adhesive tape. Remember also, that you can include your Christmas card or letter inside your gift packages if you will add the appropriate first class mail stamps to the postage for the package itself.

STOCK UP on postage stamps—By doing this soon, you'll save lots of time that might be spent standing in line later on. When you go to the post office, ask for a supply of labels which read, "All For Local Delivery" and "All For Out-of-Town Delivery," so that before you mail your Christmas cards you can sort them into two groups, with the addresses all facing one way, thus expediting delivery."

The post office will help you plan your Christmas mailing. Get a copy of Pamphlet No. 2, which gives full information about proper packaging and wrapping of parcels.

FIRST CLASS postage is best for mailing your Christmas cards. All cards sent by 4-cent postage may include a personal handwritten message, and they'll be forwarded or returned, if that becomes necessary. Be sure to put your return address on your Christmas card envelopes. It is socially correct to do this, and enables both you and your friends to keep your mailing lists up to date.

Predicting that this year's Christmas mail will set an all-time record, even exceeding the 450,000 pieces that were handled here in the pre-holiday season of 1960, Postmaster Louk pointed out the importance of planning your Christmas mailings now to avoid a lot of headaches when the Christmas rush begins in earnest.

Home Factory Ordinance To City Council

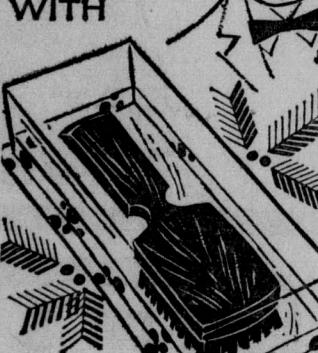

A prospective ordinance defining home occupations so that no injustice will be done persons earning their own living and yet which will preclude homes being made factory-like, both inside and out, was approved at last Thursday's City Planning Commission meeting. The proposal now goes to City Council.

THE PROPOSED ordinance would be more fully defined and restrictive than the present one. Machinery for an entire residential occupation setup could not exceed three horsepower; not more than 25 per cent of a dwelling could be devoted to an occupation; and all operations must be grouped in the home building.

There would be no drastic change in the home construction. This is to obviate any factory appearance invading a neighborhood of homes.

Jr. League To Present Yule Opera

The Junior League of Pasadena will present the world premiere of Mary Elizabeth Caldwell's Christmas opera, "A Gift of Song," at the Pasadena Civic Auditorium on Sunday afternoon, Dec. 3. It will come as the second in the Youth Concerts 1961-62 series. Performances will be given at 2 and 3:30 p.m.

"A Gift of Song" is pure opera. It is composed, sung and accompanied by professional musicians, and it is staged and directed by men experienced in the theater. All of these adults have one goal in mind—to bring to an audience of children the exciting experience of hearing and seeing real opera that directed to their interests.

The story of the opera is based on the discovery of Franz Gruber as the composer of the beloved Christmas carol, "Silent Night." This event takes place in Franz Gruber's homeland, Austria, in the middle of the 19th Century. The theme of story is that one of the most enduring pleasures of life is music.

MEMBERS of the Pasadena Symphony Orchestra under its conductor, Dr. Richard Lert, will accompany the opera. John Ingale is the stage director, and David Thorsen choral director.

Grace Lynne Martin and Richard Riffel will sing the leading roles. Supporting roles will be sung by Nancy Ewing, Paul Hinshaw, Jean Hendrik, Harry Read and Olive Rice. Ann Baldwin is the stage director, and David Thorsen choral director.

U.S. Borate Bomber Wing Asked By Bonelli To Help In Battling Forest Fires

Support of the Federal Government is sought in creating a Borate Bomber Wing of the U.S. Air Force as a standby unit trained in borate bombing of fire-stricken areas thus speeding effective measures of combatting mountainside forest fires.

Supervisor Frank G. Bonelli, chairman of the County Board, calls for immediate implementation of this proposal and also another primary long-range program for constructing and installing additional fire-fighting facilities in the Los Angeles County Watershed over a ten-year period, this also in cooperation with the Federal Government.

One of the projected improvements is a new fire station to be located at Grand View and Foothill Blvd. in Sierra Madre.

Bonelli has won immediate support for the project of establishing an Air Force Borate Bomber Wing comprising planes manned by pilots trained in borate bombing techniques. This would be based at strategic points and available for borate bombing over a fire-stricken area on a 24-hour, day and night basis.

BONELLI'S motion was in support of a similar one proposed before the Los Angeles City Council by Councilman Harold Henry. The board action also calls for review of the possibility of using commercially-owned prop-type planes for such use.

The ten-year fire protection plan was drafted by the County Watershed Commission cooperating with the County Forester and Fire Warden's offices, at Bonelli's urging. Under this additional watershed protection facilities would cost an estimated \$6,582,000.

The county's share, Bonelli estimates, would be augmented by a total of \$1,343,450 and other government agencies.

THE ADDITIONAL fire protection facilities would include additional fire stations in mountain areas, detention camps for adult prisoner-firefighters, probation camps for juvenile crews, forestry personnel camps, weather stations, fire alarm telephone boxes, dispatch facilities, motorways, fire and fuel breaks, water storage tanks and expansion of the aerial arm of fire-fighting service, Bonelli pointed out.

The plan proposes the additional facilities be distributed in the Los Angeles County Watershed as follows:

Area A—The foothills area of the San Gabriel Mountains from the San Bernardino County line west to the Chatsworth area, including the 11 foothill cities, with an allocation of \$1,404,200.

Area B—Lands north of the coastal valleys, the watershed areas in the northwestern portion of the county and those bordering Antelope Valley, with an allocation of \$3,375,500.

Area C—Lands in the San Jose Hills, and South Hills, in the southeast part of the county contiguous to San Bernardino and Orange Counties, and the watershed areas in the Malibu area, with an allocation of \$1,415,650.

Area D—All lands within the National Forest boundaries, with an allocation of \$208,250.

ON BONELLI'S motion the County Board referred the plan to the County Watershed Commission and the forester and fire warden to coordinate implementation of the plan with those of the U.S. Forest Service, and with the foothill cities.

"We should endeavor to live with this program and implement it to the best of our financial ability," Bonelli declared, "but, moreover, because of our tax limitations, we should make the Federal Government, who is the prime owner of the National Forest areas in the county, aware of its responsibility so that the Federal Government can assume its rightful share of the financial responsibility through the allocation of Federal funds."

FOR MORE than a year, San Diego—population more than 600,000—has not had a single case of polio. What a wonderful thing Dr. Sals has done for the world—whenever parents and schools and the public generally have taken full advantage of it.

SOME EVENINGS the most amusing thing I hear on TV is the commercial singer who, apparently unintentionally, makes "oil" almost rhyme with "royal." It reminds me of a man I used to know who liked to brag: "Pronunciation is my specialty."

The man who throws up a bluff doesn't always hit the target.

IF A PERSON IS ALONE when the incident occurs, this same technique may be used. If impossible because of the location of the bite, it is advised that pressure be exerted to press out the blood and venom. When necessary, walk for help but do not hurry.

Campers and people who live in desert areas or adjacent to the foothills may be interested to know that a snake repellent is now on the market. Apparently it will repel snakes from premises when it is properly used.

Whenever snakebite occurs, medical attention should be obtained.

Draw Poker
(Continued from page one)

The reason for the defeats

in the Senate stems back to

the smaller towns of Northern California, many of

which have two or three ta-

bles located in the town halls

and saloons, devoted exclu-

sively to draw poker. And

the majority of the Senate

represents these smaller

communities.

The question finally has

boiled down to the point where it will be difficult to eliminate the swank poker parlors located in Southern California without imposing a similar ban on the poker tables in the small communities.

CONSEQUENTLY, if one type of gambling has to go, then so do all other types of draw poker establishments, no matter what their size or to whom they cater.

Thus, the Governor is on the spot, being pushed on one hand by Los Angeles County interests to ban draw poker all over the state, and on the other hand, not anxious to affront the representatives of this state's smaller communities

during an election year, when he will seek office again.

There is, of course, the happy medium of doing nothing, thereby permitting local option to decide whether citizens of any community permit poker parlors, or poker tables in their various communities.

Probably, however, the pressure will be too heavy to adopt the do-nothing course. A statewide initiative has been threatened if the Governor refuses to put the issue on special call, and may come along anyhow if the Legislature happens to make history repeat itself and again turns down legislation banning draw poker.

Fire Marshal Bert Embree, in the emergency fire truck, made a speedy run, and had the blaze under control when Sierra Madre and Arcadia fire units arrived.

officers and directors of the Sierra Madre Club, giving special praise to the outgoing president, Henry Nelson, since the club had shown the film "Operation Abolition," "in spite of the opposition of numerous do-gooders," as he put it.

New Sierra Madre Club member Murray Hawkins, city treasurer, was introduced at the dinner. Sierra Madre Kiwanians, wives and dignitaries almost filled the big banquet room. The colorful program was arranged by Past Lt. Gov. Jim Wolfe, Sierra Madre Kiwanian.
